

# LWVIN Concurrence on a Partial Revision of “School Finance”

File: LWVIN concurrence School Finance 110919c

This document is intended for reporting the local League’s response and does not need to be distributed to the membership.

A separate file provides the material for membership discussion. Local Leagues may want to make that file available to their membership in advance of concurrence meetings.

Mandated by the LWVIN convention of 2011, the revision was prepared by a statewide review and study committee and reviewed by the LWVIN board. Each local League may indicate full concurrence, concurrence with a preference for change, or a lack of concurrence. The proposal may also be rejected.

The reaction may be given in as much detail as desired, so that the LWVIN board can properly gauge the reaction of the statewide membership. Comments and suggestions for change should be inserted directly in the return copy of the electronic document before you. Mark the insertions through boldfacing or by other means. The file will make room as you type. (Please do not use a different format for recording comments; it would complicate collation.)

After the responses from local Leagues have been gathered in a comprehensive report (and if they are positive), the LWVIN board will write the position.

Please return the document by **December 31, 2011**, either as an email attachment to [holschuh@indiana.edu](mailto:holschuh@indiana.edu) or on paper to LWVIN at 445 North Pennsylvania Street, 9<sup>th</sup> Floor, Indianapolis, IN 46204. The first of these options is easier to process.

Late submissions may not reach the board before it writes the final text.

**Name of submitting League: LWV of Greater Lafayette**

**Name of the reporting member: Joanne Evers**

**Number of members participating in the concurrence: 8**

**Date of concurrence: December 19, 2011**

**We support the proposal** \_\_\_\_\_ **as presented.**

**\_\_X\_\_ with a preference for changes indicated on Page 2.**

**We do not support the proposal.** \_\_\_\_\_

**We did not reach concurrence.** \_\_\_\_\_

## **Proposed Wording of the Reviewed Paragraph in “School Finance”**

(Please record suggested changes on this page.)

**The League opposes the diversion of public funds to nonpublic schools (~~through~~ e.g., vouchers, tuition tax credits, tax deductions, ~~or~~ choice scholarships, etc.)**

*Albrecht, the members thought that we could also just put a period after ‘nonpublic schools’ but then reconsidered and made the suggestion above.*
